A Note from the Executive Director

Merrell R. Bennekin, J.D., CPM

Commissioners:

It is with great pleasure that I submit the annual report of the Kansas City, Missouri Board of Police Commissioners' Office of Community Complaints (OCC), for the period from January 1, 2022 to December 31, 2022. Data in the OCC's report includes information pertaining to the review of allegations of misconduct against members of the Kansas City, Missouri Police Department (Department).

The staff of the Office of Community Complaints continues to work on behalf of the greater Kansas City community and the men and women of the Department to improve transparency and accountability in policing. By reaching out to the various stakeholders and constituencies in the metropolitan area, taking action to yield positive outcomes through its outreach and mediation programs, and acknowledging the importance and impact of the investigative process, the OCC is acting in accordance with its goal of being a national leader in law enforcement oversight.

The Office of Community Complaints would like to extend its appreciation to the Board of Police Commissioners for providing a service to give the public an opportunity to voice complaints concerning alleged police misconduct and for each individual member's attentiveness, passion, and commitment to the complaint process. Further, the OCC would like to acknowledge the Chief of Police and her staff, especially the Department's Internal Affairs Unit, for their diligence, professionalism and dedication.

The preparation of this report could not have been accomplished without the efficient and dedicated service of a highly qualified staff in the Office of Community Complaints, particularly Senior Legal Analyst Karen Williams. The cooperation and continued assistance of our entire team is necessary and appreciated. I would like to thank all personnel who helped and contributed to the preparation of this report.

Finally, the Office of Community Complaints would like to thank the people of Kansas City for placing their trust in the members of its staff. We honor that trust by conducting thorough, impartial, and timely investigations. The OCC truly believes the City of Kansas City is well served and a better community because of the efforts of the Office of Community Complaints and those who support its mission.

Respectfully Submitted,

Merrell R. Bennekin, J.D. CPM
Executive Director
Office of Community Complaints

There are presently approximately 220 civilian oversight agencies in the United States, representing cities and towns both large and small.

Complaints may be filed by mail, online through the OCC website at www.kccommunitycomplaints.org, via e-mail at communitycomplaints@kcpd.org, in-person at the Office of Community Complaints, or at ten additional locations as detailed below.

Complaint Categories:

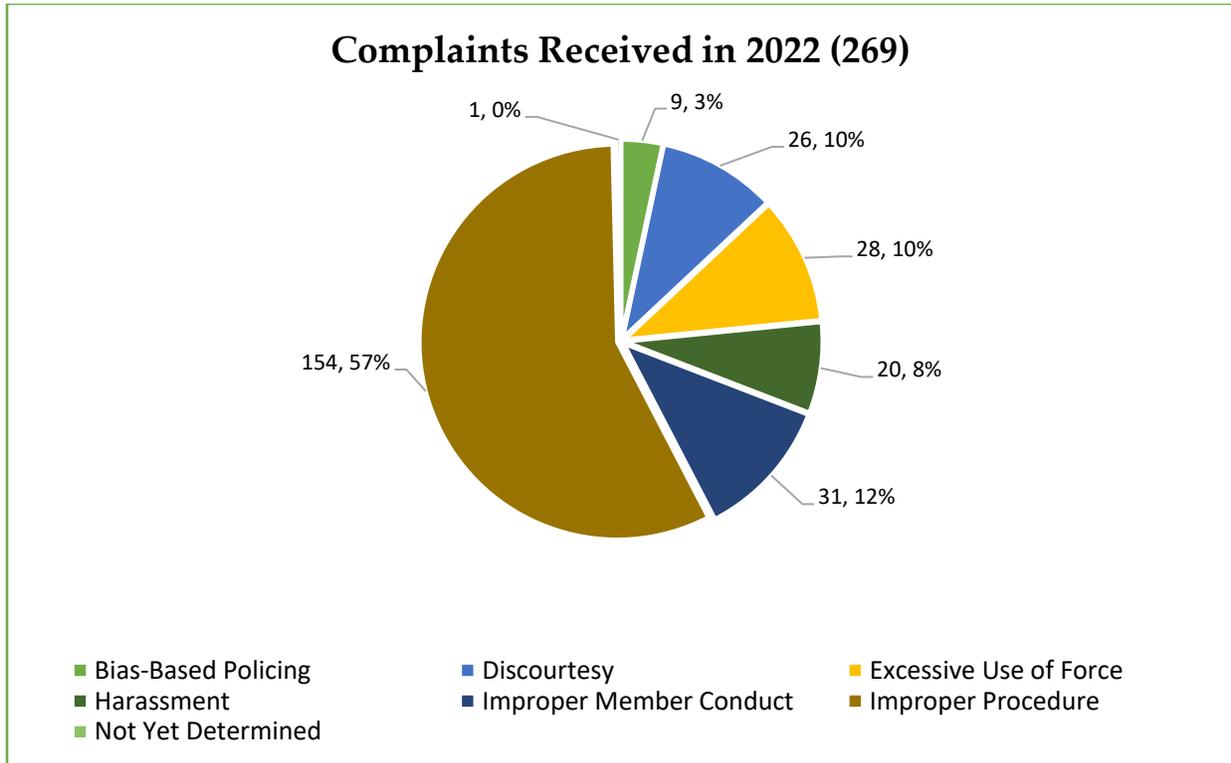

Every complaint filed with the Office is categorized into one of six categories based on the information contained in the complaint form. Those categories are listed in the table below.

Complaint Category Definitions	
CATEGORY	DEFINITION
Bias-Based Policing (Cat. 1)	Circumstances where the police actions of a member were substantially based on the race, ethnicity, gender, age, sexual orientation, religious beliefs, disabilities, or national origin of a person, rather than upon lawful and appropriate police procedures.
Discourtesy (Cat. 2)	Circumstances where the actions or statements of a Department member were in violation of the Code of Ethics or Rules of Conduct of the Department based upon the context of the contact with the complainant. For example, the use of ethnic slurs would be classified as discourtesy.
Excessive Use of Force (Cat. 3)	Circumstances where a member of the Department used more force than reasonably necessary to arrest a suspect, take a suspect into custody, stop a suspect for investigation, control a situation, restore order, or maintain discipline.
Harassment (Cat. 4)	Circumstances where a member of the Department has had repeated or continued contact with a person without lawful police justification.
Improper Member Conduct (Cat. 5)	Circumstances where the behavior of a member was unprofessional, unjustified, beyond the scope of the authority of the member, unauthorized by Department procedures, or constituted an unreasonable lack of police service.
Improper Procedure (Cat. 6)	Circumstances where an administrative or procedural requirement was not met. This includes, but is not limited to improper search and seizure, omission of the Miranda Warning where required, etc.

In 2022, the Office of Community Complaints received a total of 269 complaints between January 1 and December 31. Of those, 157 complaints were forwarded to the Internal Affairs Unit (“IAU”) of the KCPD for investigation. The remaining 112 complaints were handled as Non-Investigated Complaints (“NIC’s”). Additional

information regarding these two classifications of complaints is discussed below and in the Investigative Overview section of this report.

The 269 complaints that were filed with the Office of Community Complaints were classified as follows:

Non-Investigated Complaints (“NIC’s”):

As previously noted, the Office of Community Complaints received a total of 269 complaints in 2022. 157 were forwarded to the Internal Affairs Unit (“IAU”) of the Kansas City, Missouri Police Department for investigation, and the remaining 111 complaints were handled as Non-Investigated Complaints (“NIC’s”), with one complaint still awaiting a determination of how to handle. Although the majority of this report will focus on those complaints which were resolved using the formal investigative process through IAU, there are a significant number of complaints which are not handled through traditional investigative means. These NIC complaints range from those which are outside the jurisdiction of the Office, to those people who do not cooperate with attempts by the Office to obtain additional information about their complaint, to anonymous and third-party complaints.

The following types of complaints are generally classified as NIC's:

- Third-party complaints without a matching complaint from the aggrieved party¹
- Complaints against non-KCPD members (i.e. other police departments, city departments, individual people, etc.)
- Complaints which occurred more than 180² days before the filing of the complaint, but absolutely no longer than 1 year before the filing of a complaint. The Executive Director of the Office is the only person who can accept a complaint beyond the 180 day time limit.
- Anonymous complaints³
- Complaints with an obvious lack of violation of police department policy or procedure
- Complaints solely dealing with the issuance and/or validity of a ticket or citation
- Complaints already being investigated by the Department or IAU (shootings, complaints involving an officer's personal life, criminal misconduct, etc.)
- Complaints where legal action has been filed by the complainant
- Complaints where the complainant is not cooperative with the Office in obtaining additional information, prior to an investigation being conducted
- Complaints withdrawn by the complainant before an investigation, mediation, or conciliation can be conducted.

Within the NIC category, however, are those complaints that are mediated or conciliated and thus forego a formal investigation by the IAU. Mediations and Conciliations are classified as NIC's due to the lack of a formal Internal Affairs investigation, and are specially classified as "Resolved Without Investigation."

Mediation is designed to provide the complainant an opportunity to sit down face-to-face with the Department member(s) with whom they have a grievance in the presence of a trained, independent, third-party mediator who volunteers his or her time to the Office. If mediation is selected and all parties come to the table, the complainant cannot then opt for a formal IAU investigation regardless of the outcome of the mediation. Mediations are considered confidential and there will be no discipline of the involved

¹ Although third-party complaints are not fully and formally investigated, the Department is made aware of these complaints and can conduct their own investigation if warranted.

² Due to the adoption of Missouri State Statute §590.510, which became effective on August 28, 2021, the timeline for accepting a complaint was increased to 180 days from the date the incident occurred.

³ The Department is made aware of these complaints, and an investigation can be undertaken if warranted; however, the Office cannot conduct a full and complete investigation without cooperation from the complainant.

member, nor will a record of the mediation be placed in the member's personnel file. Due to the impact of COVID-19, the Office stopped doing mediations in March 2020 and referred those complaints to conciliation or a formal investigation based on the preference of the complainant. As of the end of 2022, the mediation program has not yet resumed.

Conciliation is done at the division or unit level, where a supervisor contacts both the complainant and member to obtain a set of facts, and a smaller-scale inquiry into the complaint is done by a supervisor. After the inquiry is completed, the complainant receives information regarding how the complaint was handled and a report is sent to the Office for closure.

In 2022, 111 NIC's were received in the Office, and 111 were reviewed (consisting of those filed in current and previous years). Of the 111 which were reviewed in 2022, 43 were handled as mediations and conciliations, with 84% considered successful. Of the remaining NIC's, 13 were closed due to complainant non-cooperation, and 55 fell into other categories.

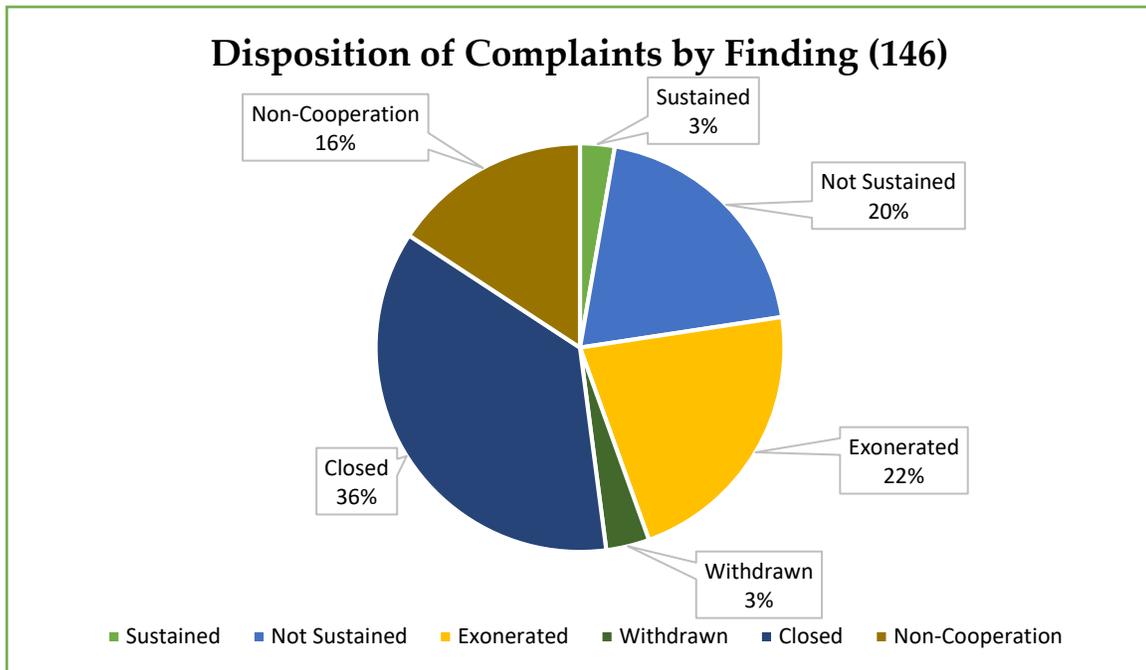

Investigative Overview

The majority of this report will focus on those complaints which were sent to the Internal Affairs Unit for investigation. In 2022, 157 complaints were forwarded to the Internal Affairs Unit for investigation, and 146 complaints were worked by the Office of Community Complaints. “Complaints worked” refers to complaints returned to the Office of Community Complaints after having been sent to IAU for investigation. Those complaints are not necessarily from the same calendar year (i.e., a complaint filed in the latter months of a calendar year would not have a completed investigation and recommendation made until sometime in the next calendar year). As discussed previously, this number does not include those complaints handled through mediation or conciliation.

Complaints worked fall into one of six dispositions. Fully investigated IAU investigations result in a Sustained, Not Sustained, or Exonerated recommendation, while other complaints may result in a disposition of Closed, Withdrawn, or Non-Cooperation. These terms are explained below.

Complaint Disposition Definitions	
DISPOSITION	DEFINITION
Sustained	The alleged act occurred and was without lawful police justification.
Not Sustained	The evidence fails to prove that an act of misconduct occurred.
Exonerated	The alleged act did occur but the Department member engaged in no misconduct because the actions of the Department member were lawful, justified, and/or proper.
Closed	The complaint was closed due to the following circumstances (not an exhaustive list): lack of jurisdiction, pending litigation, pending Department investigation (i.e. homicide or officer-involved shootings), third-party complaints that were not originally identified as third-party, no violation of policy or procedure.
Withdrawn	The complainant indicated he or she did not wish to pursue the complaint after it was filed.
Non-Cooperation	The complainant failed to cooperate. (This can refer to those complaints referred to as NIC’s as well as those sent for investigation to IAU.)

Of the 146 complaints that were returned from the Internal Affairs Unit in 2022, 65 had full and complete investigations which resulted in four (4) sustained findings, twenty-nine (29) not sustained findings, and thirty-two (32) exonerated findings. The

remaining 81 complaints consisted of five (5) withdrawn complaints, twenty-three (23) complaints closed for non-cooperation with Internal Affairs,⁴ and fifty-three (53) complaints that were closed.

The following chart shows the breakdown of complaints by the category as well as the finding:

Disposition of Complaints by Finding ⁵							
	S	NS	E	C	WD	NC	Total
Bias-Based Policing	0	1	1	4	0	1	7
Discourtesy	2	4	3	2	0	4	15
Excessive Use of Force	0	2	5	5	1	3	16
Harassment	0	1	1	3	0	2	7
Improper Member Conduct	2	4	5	4	1	5	21
Improper Procedure	0	17	7	35	3	8	80
TOTAL	4	29	32	53	5	23	146

⁴ The complainant must provide a statement regarding the allegations as contained in the complaint form. This interview sets the parameters for the investigation and allows the complainant to provide additional information. Most statements in 2021 were taken by telephone due to the ongoing Covid-19 pandemic.

⁵ S=Sustained; NS=Not Sustained; E=Exonerated; C=Closed; WD=Withdrawn; NC=Non-Cooperation

Sustained Complaint Investigations:

The category of the four (4) sustained complaints and the policy and/or procedure violation associated with each complaint is listed below.

Complaint 1: *Improper Member Conduct*. Violation of:

- Personnel Policy #201-11, "Code of Ethics and Rules of Conduct"

Complaint 2: *Improper Member Conduct*. Violation of:

- Personnel Policy #201-11, "Code of Ethics and Rules of Conduct"

Complaint 3: *Discourtesy*. Violation of:

- Personnel Policy #201-12, "Code of Ethics and Rules of Conduct"

Complaint 4: *Discourtesy*. Violation of:

- Personnel Policy #201-12, "Code of Ethics and Rules of Conduct"

It should be noted that by policy and Missouri State Statute, Chapter 84, the only person who can impose discipline is the Chief of Police. Disciplinary records are protected under the Missouri Sunshine Law and cannot be disclosed.

Complainant and Subject Member Statistics

The city of Kansas City is home to approximately 508,000 residents, while the Kansas City metropolitan area, consisting of cities on both sides of the Kansas/Missouri state line, has a population of approximately 2.1 million residents. At the end of 2022, the Kansas City, Missouri Police Department had 1,142 sworn officers (including police officer candidates), as well as 505 civilian employees. The ethnic breakdown of Department members is outlined below. It should be noted that the vast majority of complaints are filed against sworn members of the KCPD and not against civilian employees, though the Office is enabled to receive complaints about both.

Kansas City, Missouri Police Department Members (n=1647)		
	Number	Percent
White	1188	72.1%
Black	270	16.4%
Hispanic	93	5.6%
American Indian/Alaska Native	5	0.3%
Asian	16	1.0%
Hawaiian/Pacific Islander	1	0.1%
Multiple Races	57	3.5%
Unknown/Other	17	1.0%
TOTAL	1647	100.0%

The statistics surrounding the officers who are the subject members of sustained, not sustained, and exonerated complaints follow a similar breakdown of race:

Members Complained Against (n=163)		
	Number	Percent
White	119	73.0%
Black	37	22.7%
Hispanic	4	2.5%
Unknown/Other	3	1.8%
TOTAL	163	100.0%

Though the members complained about are primarily white and follow the breakdown of the police department as a whole, our complainants represent a much more

diverse group of individuals. The below chart outlines the race and sex of complainants by the disposition of their complaint.

Race and Sex of Complainants by Disposition of Complaint (n=174)							
	W/M	W/F	B/M	B/F	H/M	H/F	Other
Sustained	1	4	1	1	0	0	0
Not Sustained	6	5	10	10	1	0	2
Exonerated	6	9	7	13	0	0	1
Closed	6	8	19	29	1	0	0
Withdrawn	0	2	2	0	1	0	0
Non-Cooperation	8	7	5	7	1	1	0
TOTAL	27	35	44	60	4	1	3

Complainants by Age:

As shown in the below chart, the majority of complainants are ages 35 to 49. This has remained relatively consistent over the years.

Complainants by Age (n=174)		
AGE GROUP	#	%
17 and Under	2	1.2%
18 to 24	15	8.6%
25 to 34	51	29.3%
35 to 49	65	37.4%
50 to 64	34	19.5%
65 and Older	7	4.0%
Unknown	0	0.0%
TOTAL	174	100%

Tenure of Members Complained Against:

Tenure of members is based upon the date the complaint was filed as compared to the date the subject member became employed by the Department. Sworn members

with less than one year of service have spent six months of that time in the Police Academy, and another six months under the direction of a Field Training Officer (“FTO”). A chart comparing the overall tenure of the sworn members of the Department with the members involved in Sustained, Not Sustained, and Exonerated complaints is below.⁶

	0 to 4 Years	5 to 9 Years	10 to 14 Years	15 to 19 Years	20 to 24 Years	25-Plus Years
Sworn Officers n=1142	279 (24.4%)	177 (15.5%)	120 (10.5%)	222 (19.5%)	231 (20.2%)	113 (9.9%)
Members Involved in Complaints (n=163)	81 (49.7%)	20 (12.3%)	9 (5.5%)	26 (16.0%)	16 (9.8%)	11 (6.7%)

Assignment of Members:

The Kansas City, Missouri Police Department is separated into six patrol divisions. Additionally, there are numerous investigative elements that are responsible for covering the entire city. While the majority of complaints are against patrol officers, officers in other units do receive complaints from time to time.

Type of Unit	Number	Percentage
Patrol Divisions	147	90.2%
Traffic and Parking Control	6	3.7%
Street Crimes & Tactical Enforcement	0	0.0%
Other Assignments ⁷	10	6.1%
TOTAL	163	100%

Of the members working in the patrol divisions that received complaints, the breakdown is as follows:

⁶ It should be noted that the number of members contained in these statistics, as stated earlier in this report, are the subject members of sustained, not sustained, and exonerated complaints only. Due to the lack of information that is known at the time a complaint is filed, it is not always possible to identify the subject members who are being complained about for the other types of complaints (Non-Cooperation, Withdrawn, and Closed).

⁷ Other Assignments include units such as Human Resources, Property Crimes, Domestic Violence Unit, Canine Unit, Drug Enforcement Unit, Records Unit, etc.

Patrol Division	Number (n=147)
Central Patrol	45 (30.6%)
East Patrol	58 (39.5%)
Metro Patrol	12 (8.2%)
North Patrol	4 (2.7%)
Shoal Creek Patrol	9 (6.1%)
South Patrol	19 (12.9%)

The Central, East, and Metro Patrol divisions comprise the central city or “urban core” of Kansas City, while the remaining three divisions are more suburban in nature. Traditionally, the three urban divisions carry the majority of complaints, due to the increased calls for service and number of officers deployed to these divisions.

It should be noted that the number of members contained in these statistics, as stated earlier in this report, are the subject members of sustained, not sustained, and exonerated complaints only. Due to the lack of information that is known at the time a complaint is filed, it is not always possible to identify the subject member(s) who is/are being complained about.

Historical Data

As shown below, the number of officer interactions with the community has remained relatively steady – both in calls for service and self-initiated activities. In 2022, there were 235,815 calls for service and 106,221 self-initiated activity calls, a slight decrease in calls for service and a slight increase in self-initiated activity from the height of the pandemic in 2020. It should be noted that in 2019 a new dispatch system was implemented and a modification in the call-type categories was made, significantly changing the calculation of self-initiated activity calls. The 2022 statistics are calculated in the same manner as the 2020 and 2021 statistics but should not be compared to 2019 and earlier.

	2018	2019	2020	2021	2022
Calls for Service	240,718	247,532	239,811	239,374	235,815
Self-Initiated Activities	33,996	42,619	95,708	101,828	106,221

There are many factors which may contribute to the rate of complaint intake: how frequently people are coming into contact with police, public perception of such contact, knowledge of the Office, increased usage of de-escalation techniques, and others. As pandemic restrictions lessened in Kansas City in the latter part of 2021 and into 2022, complaint numbers increased.

	2018	2019	2020	2021	2022	Average
Complaints Received	277	274	236	216	269	254
Complaints Worked	127	142	180	113	146	142

The table below indicates the disposition of complaints by category for the past five years (2018 through 2022). It should be noted that the rate of not-sustained complaints dropped significantly in comparison to sustained and exonerated complaints.

The Office is contributing this decrease to the deployment of body cameras on all patrol officers (as well as officers in certain other units) in the first quarter of 2021. This footage has proven invaluable in the analysis of complaints for violation of policies and procedures.

	2018	2019	2020	2021	2022
Sustained	2	9	8	11	4
Not Sustained	34	25	51	21	29
Exonerated	30	34	55	32	32
Closed	27	30	26	29	53
Withdrawn	3	1	4	2	5
Non-Cooperation	31	43	36	18	23
COMPLAINTS REVIEWED	127	142	180	113	146

Although the number of complaints reviewed in recent years has fluctuated due to the number of complaints received in the Office of Community Complaints, the breakdown of sustained complaints averages approximately five (5) percent each year. However, it should be noted that sustained complaints as a percentage of all worked complaints (those with a recommendation of sustained, not sustained, and exonerated), the average is approximately ten (10) percent.

The five-year average by disposition is below.

N=708	Five-Year Average
Sustained	4.8%
Not Sustained	22.6%
Exonerated	25.9%
Closed	23.3%
Withdrawn	2.1%
Non-Cooperation	21.3%

Enabling Legislation

Missouri State Statutes, Chapter 84, §84.430⁸

The enabling legislation for the Office of Community Complaints can be found in the Missouri State Statutes, specifically in §84.430, which states the following:

Board of police--personnel disciplinary cases--decrease of force--witnesses, summons and administration of oaths (Kansas City).

1. The board shall hear all complaints or charges filed against any member of the police department.⁹ All complaints or charges filed by persons other than the commissioners or police officers shall be verified by the oath of the person filing such complaints or charges. The board may at any time order the discharge of a specified number of police officers for the reason that in the opinion of the board, the police force is larger than the interests of the public demand or that there is insufficient money to pay the expenses of maintaining the police force as then organized; and in such cases it shall not be necessary to file any complaint or charges or to permit a hearing by the board of the policemen or police officers to be removed; but policemen and police officers so dismissed shall be placed at the top of the suitable eligible lists, and when vacancies so created shall be filled the policemen or police officers thus removed shall, if they so desire, be reappointed to fill such vacancies in the order in which such policemen or police officers were removed.

2. Any member of the board shall have power to summon and compel the attendance of witnesses before the board and the production of books and papers before them whenever it may be necessary for the more effective discharge of the board's duties and responsibilities. Any member of the board or the secretary of the board shall have the power to administer oaths or affirmations to any person appearing or called before said board.

⁸ Kansas City, Missouri is the only city in the United States where the Police Department is under the control of the state, not the local jurisdiction in which it operates. This has been the case since 1939. For more information, see <https://www.kcpd.org/about/history/>

⁹ In September, 1969 the Board of Police Commissioners created the Office of Citizen Complaints (renamed the Office of Community Complaints in 2004) to carry out the mandate of receiving complaints from the community. Should a dispute occur between the Office and the Police Department in the course of handling a complaint, the Board of Police Commissioners shall serve as the final arbiter.

Complaints Received in the Office of Community Complaints

January 1 – December 31, 2022

In an effort to provide more transparency in the complaint process, the Office of Community Complaints began providing the following pages to the Board of Police Commissioners and the Kansas City, Missouri Police Department in 2018. These reports are updated on a quarterly basis on the OCC website and presented to the Board during the Office's quarterly reporting period (January, April, July, and October).

Blank spaces indicate the complaint has not had a final resolution made and is still in the process of being evaluated and reviewed by the Office of Community Complaints.
