Kansas City Missouri Police Department

**SUBJECT:** Requested Budget for Fiscal Year 2025-26

As required by Section 84.500 of the Revised Statutes of Missouri (RSMo), accompanying this transmittal letter is a report on the financial requirements of the Kansas City Missouri Police Department (the Department) for the fiscal year (FY) beginning May 1, 2025. RSMo Section 84.730 requires the Board of Police Commissioners (the Board) submit to the City of Kansas City, Missouri (the City) a budget estimating the sum of money necessary next fiscal year to enable the Board to discharge the duties imposed upon it by RSMo Chapter 84 and to meet the expenses of the Department. The accompanying financial requirements provide the Board the documentation necessary to submit its budget to the City.

## I. BUDGET OVERVIEW

This budget, as requested, will provide funding for 1259 officers and 629 civilians, which will include step increases and salary adjustments for current members. The Department will continue incentive pay for recruitment and reimburse entrant officers the cost of attending an outside academy. Personnel costs are 92.3% of the General Fund budget request.

City requested funds total \$322,845,246. Of those funds, Jackson County, grant and self-funded activities total \$16,873,877 or 2.3%. These funds are advanced in order to manage the programs, and will be remitted back to the City if unspent. Pensions and health insurance represent 29.0% of the City funds being requested. Pre-determined by an actuarial valuation, pensions will increase \$6,106,300 to \$61,886,821. Health insurance is anticipated to have an 8.0% increase in premiums to \$31,893,361.

The Department, in collaboration with the City, is implementing Priority-Based Budgeting. Schedules 5, 6 and 7 provide a detailed breakdown of appropriations and staffing by priority based budgeting programs.

## II. GENERAL FUND

**The General Fund requested budget for FY 2025-26 is \$298,942,734**, as detailed in Schedule 11.

- **Salary**, based on funding requested, includes the implementation of a new professional staff pay scale developed from the recommendation of a third party market-based

compensation analysis. The new pay scale reduces the number of pay steps from 14 to 11 and introduces open pay ranges for management positions. Current members will be placed on the new pay scale based on time in grade. The new pay scale will be implemented prior to salary raises or incentive pay (whichever the member qualifies for) being issued. Professional staff will receive one (1) pay step, if not at top step, on their anniversary. Members at top step will receive a one-time incentive payment at a rate of 2.0% at the beginning of the fiscal year. Professional staff in the open range below top step will receive a 4% pay increase on their anniversary.

Police Officers will receive one (1) pay step, if not at top step, on their anniversary. Members at top step will receive one-time incentive payment at a rate of 2.0% at the beginning of the fiscal year. Due to changes in the Professional Staff pay scale, Sergeant and Commander steps will be adjusted at the beginning of the fiscal year to remain compliant with Missouri State Statute Chapter 84.520. Those not at top will receive a step increase on their anniversary. The Department will continue the incentive of reimbursing Police Officer Candidates (POCs) for tuition up to \$6,500 providing they graduated from an academy outside of our Department that has a curriculum allowing the POC to be placed in an abbreviated Department academy class. Department members will continue to receive a \$500 incentive if members recruit law enforcement, detention officer or call-taker candidates.

The Department maintains to adequately serve a city of our size a minimum of 1,382 officers funded through the General Fund is needed, but unfortunately does not anticipate being able to reach this staffing level in Fiscal Year 2025-26. Funding for 150 full time equivalent (FTE) officer positions is not being requested. Every effort is being made to reach and maintain a Law Enforcement staff of 1,232, funded through the General Fund. The Department has assessed itself \$5.35 million for anticipated vacancies due to resignations and retirements. In addition, the timing and anticipated class size of holding three classes have been taken into consideration when building the budget for entrant officer classes.

- **Pensions** ARC (annual required contributions) increased \$5,794,498.
- **Health Insurance** premiums are estimated to increase 8.0% but due to the effects of attrition, estimated employment dates and plan choice, an increase in overall cost is estimated at \$1,284,637.
- **Non-Personnel** related items increased by 22.7% or \$4.2 million. This is primarily attributed to legal fees and settlements. A total of \$3.725 million is included in capital outlay to fund replacement of body worn cameras, in-car cameras, Tasers and VOIP desk phones.

### III. DECISION PACKAGE

Mobile Data Computers – The police vehicle computers are nearing end of life, cannot be upgraded to Windows 11 and do not have the capacity to manage Motorola CAD System

upgrades. The replacement of these computers and licensing/maintenance support is estimated at \$2,817,500.

#### **IV. OTHER KEY ISSUES**

The Department continues falling farther behind with the replacement of police vehicles due to funding. Based on vehicle mileage, 313 vehicles and 20 motorcycles need replaced in FY 2025-26 at an estimated cost of \$14,511,091. A five (5) year, 100,000 mile fleet replacement plan (30,000 for motorcycles) is optimal. Due to funding, the Department has been unable to adhere to the plan. The department still operates over 100 police vehicles which are 15-20 years old, many of which can no longer be repaired after major drivetrain failures. These dilapidated vehicles are no longer reliable and lack the safety features that are standard in newer vehicles. As a result of the aging fleet, vehicles are increasingly prone to more downtime and cost more to repair and maintain. In addition, this figure does not include the cost associated with equipping the vehicles.

#### **V. OTHER FUNDING**

Other City funds supplement the General Fund for programs that might not otherwise be accomplished. Other funding consists of amounts provided by other City resources and amounts self-funded by the Department in the Treasurer's Account.

##### **Other City Funds**

**Other City funds appropriations totaling \$23,902,512** are detailed in Schedule 12 and elsewhere. The purposes of the funds are:

- The Public Safety Sales Tax (PSST) Fund supports fleet, helicopter, building operations and information technology, which in part provides the Kansas City Police Foundation Donation match. The Department makes every effort to extend the life of its vehicles. It has become necessary to request an increase of \$1,000,000 to help reduce the number of over mileage vehicles and an aging fleet. The Department is requesting an increase of \$2,000,000 to replace network hardware and other computer equipment.
- The Jackson County COMBAT Fund supported by the Jackson County COMBAT sales tax provides funding for DARE and a comprehensive approach to policing, the proceeds of which are turned over to the City. Appropriations decreased \$381,412 from last fiscal year.
- The Police Grants Fund contains self-funded activity and grants awarded the Department, the proceeds of which are turned over to the City. Fluctuating funding from renewing grants this budget cycle has resulted in an increase to appropriations of \$758,585. A list of grants may be found in the Police Grants Fund section of the budget.
- The Parking Garage Fund supports downtown parking control enforcement efforts. Due to the City supplementing this fund with the Police Department's portion of general revenues, this enforcement effort has been moved to the General Fund.

- The Health Levy Fund is a community support effort that assists the community by guiding individuals and families to resources. It funds salaries and benefits for six (6) social service specialists and one (1) supervisor.

### Treasurer's Account Funds

**Self-funded appropriations total \$24,535,045 as shown in detail on Schedule 3** and elsewhere. These activities involve situations where the Board directly contracts with grantors, collects fees for services, receives federally forfeited property, administers a Custodial Fund, and a Liability Self-Retention Fund of which the first \$1.0 million is funded annually by the State of Missouri, with the Department being responsible for 100% over this amount and other self-funded activities. These activities are included only on the Board's books. These non-City appropriations are also known as the Treasurer's Account. Funds from the Treasurer's Account totaling \$16,873,877 are remitted to the City for payments related to grants, code enforcement efforts regarding private officer licensing and parades/traffic escorts. The City records the payments as revenue on its books, and in return provides appropriations back to the Department. This accounts for a portion of the increase from last fiscal year. In addition, these accounts have been increased to provide appropriations to pay the Private Alarms third party administrator and for the purchase of guns for the police officer gun conversion. This increase is offset by a decrease in appropriations due to the Emerging Threat Analysis Capability (ETAC) police organizations paying for information sharing systems directly to the vendor rather than the Department holding funding from those agencies and paying the vendors on their behalf.

### Total Funding

The General Fund, plus all other funding, **totals \$347,380,291 for FY 2025-26** as shown on Schedule 1. This compared to \$318,775,980 for FY 2024-25, is an overall increase of \$28,604,311. This increase is primarily to provide members pay increases, pay the full year cost of last year's pay increases, fund the increase in pensions, health insurance, legal fees, workers' compensation, settlements and equipment mentioned previously. City funds account for \$28,504,639 of the increase. Treasurer's funds account for \$99,672.

## VI. NUMBER OF PERSONNEL

Schedules 7 and 10 reflect the number of full-time Department positions. Schedule 7 breaks down personnel by Priority-Based Budgeting programs and Schedule 10 breaks down personnel by the Organizational Chart. The net changes are as follows:

- Grant awards- Increase of one (1) law enforcement and four (4) civilians
- Self-funded positions- Decrease of five (5) civilians
- General Fund- Increase of forty-five (45)
  - Twenty (20) call takers
  - Ten (10) dispatchers
  - One (1) Wellness Specialist
  - Nine (9) Detention Facility Officers
  - Civilianizing all of the Digital Technology Section by adding one (1) Supervisor and four (4) Computer Services Specialists

The overall effect is an increase of one (1) law enforcement position and an increase of forty-four (44) civilian positions. The Department is requesting full time equivalent (FTE) positions for 1,259 law enforcement and 659 civilians in the base budget compared to 1,258 and 615, respectively, in FY 2024-25. Although we are requesting additional FTE positions, we are not requesting they all be funded at this time. Due to the number of law enforcement and civilian openings, the amount of funding in the General Fund is for 1,232 in law enforcement and 584 in civilian staffing. This includes moving the ten (10) civilians in the Parking Garage Fund to the General Fund to align with City funds currently being utilized to supplement the Parking Garage Fund. Other City funding, grants and self-funded actives provide funding for an additional 27 law enforcement and 45 civilian positions. This is funding for 150 less than the number of law enforcement and 30 less than the number of civilian FTE. The Department continues to work toward building back to that number in future years in order to attain the number of officers necessary to police the city. This budget takes into account vacant positions and is structured in a manner to fund the onboarding of employees in three (3) academy classes and as employment of civilians allows.

## **VII. FINAL THOUGHTS**

As Chief of Police, I have a responsibility to provide a budget that reflects the needs to fully operate our City's police department. With this submission, I realize the substantial amount of the request and the City's limited resources. I invite a collaborative approach and request to work closely with the City Manager and City Finance to produce an amicable budget in a transparent process. I welcome a conversation to explore ways we can work through our budget and prioritize expenses.

The Police Department's professional staff are a vital part of this organization. The Department would not be able to provide basic services to the people of Kansas City without their support and contributions to the organization. For far too long, they have navigated an outdated pay scale that for many required up to two decades of service to reach top pay. This year, the Department completed a third-party market-based compensation study to provide recommendations for a new pay scale. It is important to focus on providing our members a wage commensurate with that of those in their trade. Employing the recommendations of this study will aid in the retention of our current members as well as attract new hires needed in critical positions such as our Communications Unit (911 Call Takers and Dispatchers), Detention Unit and Fleet Operations.

Since becoming Chief, I have eliminated and/or replaced several law enforcement commander positions with managerial professional staff. While constantly evaluating the Department's staffing, this year's budget request includes the need for additional professional staff positions, some of which we are not seeking to be funded this fiscal year. This request will add to the Digital Technology Section one (1) supervisor and four (4) Computer Services Specialists, to replace law enforcement in administrative positions; One (1) sergeant and four (4) officer positions which will be redeployed in open (law enforcement) positions. I am also requesting nine (9) additional Detention Officers to support the operations of a new KCPD Central Booking facility. This facility will allow the Department an expanded option to provide space for arrests and relief for victims, offering the first consequence to those who harm our communities. The Department's Wellness Unit is increasingly tasked with assisting members' resiliency in a high stress environment. The health and wellness of every member of this organization is at the forefront of my mind a priority, therefore I am respectfully requesting one (1) additional Wellness Specialist. Lastly, after a recent

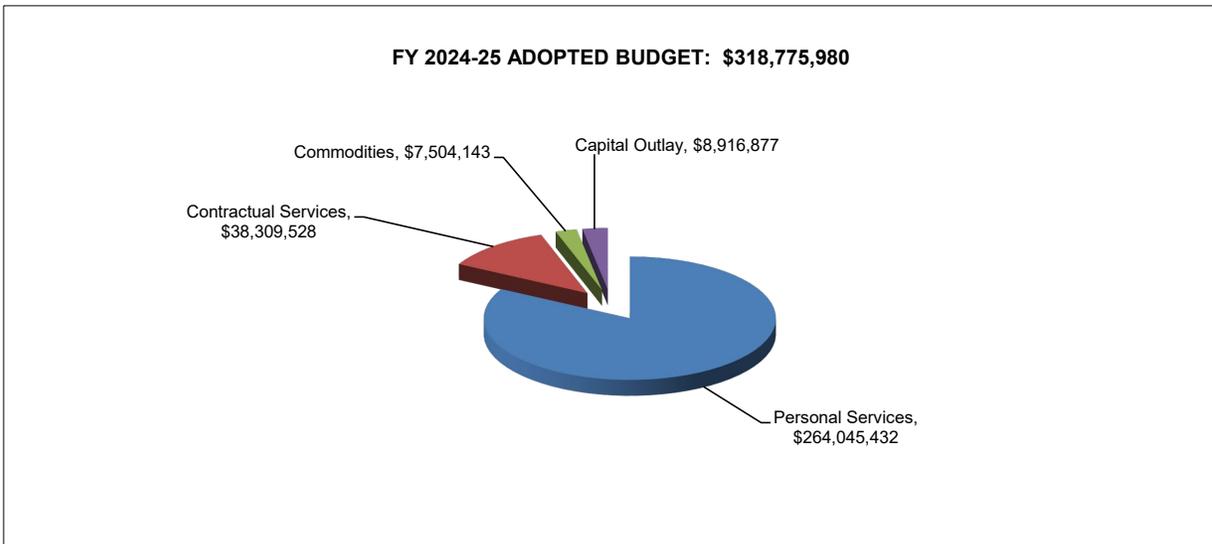

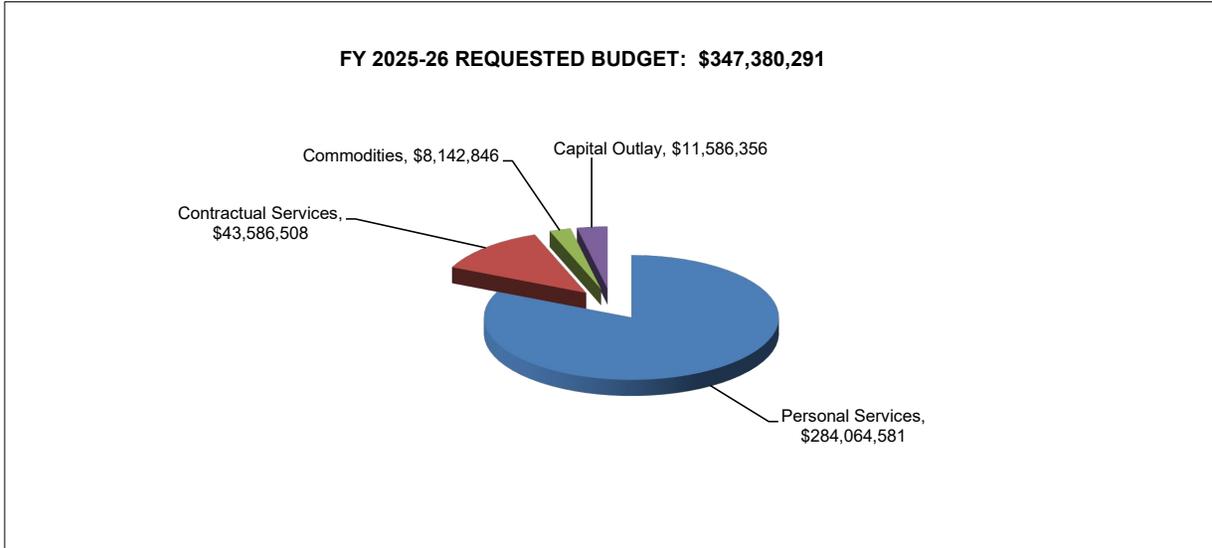

study of our Communications Unit, it was recommended to significantly increase staffing for both 911 Call Takers and Dispatchers. At this time, we are not requesting funding for these additional thirty (30) positions (twenty (20) Call Takers, ten (10) Dispatchers) as we continue to fill our current vacancies.

I recommend the Board approve this budget document for submission to the City Council to meet the needs of the Department in the ensuing fiscal year as required by RSMo Chapter 84. Total requested funding for FY 2025-26 is \$347,380,291 of which \$298,942,734 is from the General Fund, \$23,902,512 from other City funds, and \$24,535,045 from Treasurer's Accounts. Thank you for your review and consideration.

The Board is responsible for enforcement of City Ordinances such as alarm licensing and parade/traffic escorts. The Board is also responsible for statutory compliance with items such as licensing and firearms qualification of private security officers, and providing copies of police reports. Revenue from these activities is collected by the Board. The Board, in turn, establishes appropriations necessary to forward this revenue to the City. The Board also receives grant awards and remits this funding to the City. Costs to provide the aforementioned and other services are shown in Fund 234 and Fund 239. The above schedule eliminates the duplication/double-counting of these items caused by the Board establishing appropriations to reimburse the City for appropriations the City budgets in Fund 234 and Fund 239.

**Activity:**      Office of Community Complaints 1005

The Board established the Office of Community Complaints (O.C.C.) in 1969 to comply with the requirements of RSMo Section 84.430, which mandates that, "The board will hear all complaints and charges against any member of the police department." Thus, under the authority of the Board, O.C.C. is responsible for protecting citizens from the possibility of abuse or misconduct on the part of members of the Department and to protect the members of the Department from unjust and unfair accusations which may be lodged by individuals.

As an oversight agency for the Board, the Department, and the Kansas City community, O.C.C. receives and reviews complaints filed against officers or members of the Department and makes determinations as to whether those complaints should be formally investigated, mediated, or conciliated. In essence, O.C.C. is committed to effectively and impartially resolving all complaints involving a misunderstanding/dispute between an individual and member(s) of the Department. O.C.C.'s goal is to at all times provide professional and appropriate customer service to the Board, the Department, and the community.

**Program:**      Office of the Chief of Police 1010

The Chief of Police commands a Department comprised of about 2,000 employees when at full staffing. The City of Kansas City, Missouri ("the City") has a diverse population of about 510,704 and extends over an area consisting of about 315 square miles within four counties. The Chief of Police reports to the Board. The Office of the Chief of Police is responsible for the proper and timely execution of the policies, duties, and responsibilities established for the administration of the Department. The Office of the Chief of Police provides quality and effective support to the various elements of the Department, the Board, and the community.

Under the current organizational structure, the Office of the Chief of Police oversees four bureaus. The bureaus are the Executive Services Bureau, Administration Bureau, Patrol Bureau, and Investigations Bureau. Each bureau is organized into divisions, which, in turn, are divided into units and sections/watches. The Office of the Chief of Police also oversees an Office of General Counsel and Executive Officer.

**Sub-Program: Office of General Counsel / Municipal Court Liaison 1010**

The Office of General Counsel's attorneys and legal assistants act as in-house counsel for the Department. OGC reviews new and revised policies, develops and conducts training for Department members, responds to charges of discrimination filed with the Missouri Commission on Human Rights and Equal Employment Opportunity Commission, reviews and resolves workers' compensation lawsuits filed by members, responds to unemployment claims, responds to records requests made pursuant to Missouri's Sunshine Law, schedules Board of Police Commissioners' monthly and special meetings, prepares and disseminates materials for Board meetings, including preparation of detailed minutes of each meeting, and responds to inquiries from Department members of all ranks, rendering hundreds of opinions per year on various issues dealing with law enforcement, personnel and other matters. OGC attorneys are responsible for reviewing personnel actions upon request of command. OGC oversees and coordinates the handling of civil litigation filed against the Department, Board and Department members and is involved in decision-making regarding settlement of civil claims and lawsuits. OGC attorneys appear in court on a frequent basis, for example, to file lawsuits against persons responsible for damaging Department-owned property (such as motor vehicle accidents) and to quash subpoenas, respond to expungement actions, or in response to court orders. OGC attorneys write and review hundreds of contracts, memoranda of understanding, and grant documents each year. Attorneys in OGC respond to all officer-involved shootings and also respond to other critical incidents on an as-needed basis. OGC also houses the Grants and Federal Legal Compliance Coordinator who assesses and ensures Department compliance with grants and Federal law.

Court dates for officer testimony in Municipal Court and other matters involving the Municipal Court and its judges are coordinated by a detective assigned to OGC. This detective acts as Municipal Court Liaison. The detective also reviews audio and video before the records are disclosed to requestors, delivers Board materials, works with the Private Officer Licensing Unit on inspections, and performs tasks for the OGC and Chief's Office on an as-needed basis.

**Activity: Private Officers Licensing Unit 1011**

Private Officers Licensing Unit ensures compliance with statutes regarding the control and regulation of private security companies and persons, both armed and unarmed, in the City. The main responsibility is to conduct background investigations, monitor firearm qualifications, and administer an examination to ensure only qualified persons are licensed. Receipts of monies from fees charged in the licensing process support operations.

In its regulatory function, the unit protects the citizen from abuse of authority and the Board from possible liability arising out of the licensing of private security. The unit issues private security licenses and maintains records on approximately 9,157 individuals and one hundred ninety four (194) private security agencies.

**Activity: Risk Management 1015**

The Office of General Counsel administers the Department's self-retention program for liability and vehicle damage claims. Commercial insurance is purchased for non-realty property (building contents, helicopters, etc.) coverage. The City insures buildings, which it provides to the Department. OGC attorneys and legal assistants are frequently asked to report on various risk-management issues, such as contributing ideas to reduce the cost of litigation, workers'

compensation claims, and recovering money owed to the Department for damage to Department-owned property. Workers' Compensation is tracked under this activity.

**Sub-Program: Executive Officer 1020**

The Executive Officer is charged with coordinating matters regarding professional standards and employee relations with the FOP Liaison. Reporting elements are: Media Unit, Discipline and Accountability Division, Internal Affairs Unit, and Research & Development Unit.

**Activity: Discipline and Accountability Division 1020**

The Discipline and Accountability Division is responsible for the oversight of all member discipline across the Department. The Division will collaborate with the Member and the Chain of Command to provide fair, consistent, and impartial discipline. All disciplinary incidents are routed through and tracked by this office. The Division will also make recommendations for training or policy changes as part of the review process when patterns or other issues are observed.

**Activity: Media Unit 1022**

The Media Unit was established to provide information on Department activities to the news media for dissemination to the public and to promote cooperation and enhance communication between the Department and the members of the news media.

The Media Unit has as its primary duty the responsibility of providing liaisons with the members of the news media, frequently on behalf of other Department elements. The Media Unit has the responsibility for the production and distribution of the statutorily required annual report. The unit develops and publishes an in-house monthly newsletter, a daily e-mail newsletter, and coordinates award, promotional, and retirement ceremonies, as well as other special events. The Media Unit also provides public relations services and advice to Department elements.

**Activity: Internal Affairs Unit 1025**

The Internal Affairs Unit (IAU) is charged with conducting investigations of internal matters that involve the actions of Department members. These investigations include, but are not limited to, complaints filed with O.C.C., the disarming and/or the discharge of a firearm by an officer, inquiries into commendable acts by Department members, and any other miscellaneous investigations as directed by the Chief of Police. In addition, IAU is the central repository for case files associated with internal investigations as well as response to resistance reports.

**Activity: Research and Development Unit 1028**

The Research and Development Unit is comprised of two sections; the Policies and Procedures Section and the Research Section. The Division provides impartial research, program evaluations, policy, and procedural proposals, allowing for informed decisions based on factual data that has been gathered and presented. The information needed to evaluate the efficiency and effectiveness of the Department in accomplishing its mission is given to the Chief of Police and Executive Command. Research and Development Unit members are responsible for presenting completed policies and procedures and projects to the Board of Police Commissioners for consideration.

## **Sub-Program: Kansas City Police Crime Laboratory 2683**

The Kansas City Police Crime Laboratory provides expert and professional recovery and examination of evidentiary materials to aid in the investigation of criminal offenses. State-of-the-art instrumentation and/or scientific techniques are utilized in the forensic disciplines of biology,

bloodstain pattern analysis, crime scene investigation, digital evidence, fire debris, firearms, friction ridge (fingerprints), impressions, trace evidence, and seized drugs. Expert testimony is provided to aid in the prosecution and defense of criminal defendants. Training of law enforcement and criminal justice personnel is also an important function.

### DNA Section 2683

The DNA Section is responsible for locating and identifying biological material and determining the material's source. The Section locates and identifies cells and biological stains such as blood, semen, or saliva which are suitable for DNA testing. Bloodstain pattern analysis and associated scene response for bloodstain pattern analysis is performed in the DNA Section to determine how bloodstains were deposited. Determining who the biological material may have come from is done through the generation of a genetic profile which can be compared to a known sample from an individual such as a victim or suspect, or in cases with no known suspect, to the Combined DNA Indexing System (CODIS) in attempt to match the sample to a convicted offender or previously identified sample from laboratories across the country. The Section also assists in the identification of missing persons and unidentified remains through comparisons of family reference samples and the CODIS database.

### Chemistry Section 2683

The primary focus of the Chemistry Section is the analysis of seized drugs. A wide variety of drugs are encountered with the majority of those being cocaine, methamphetamine, prescription pain medications (real and counterfeit), "Molly"/Ecstasy tablets, and marijuana. Fentanyl and variations of its derivatives/analogs are encountered regularly. Clandestine laboratories, like those used to manufacture methamphetamine and a variety of other drugs, may be processed. The Chemistry Section also conducts the analysis of fire debris samples from suspected arson scenes to identify accelerants like gasoline that may be present. Fire debris and unknown drug samples are typically subjected to Gas Chromatography/Mass Spectrometry (GC/MS) for analysis. When applicable, the Chemistry Section also utilizes hand-held Raman spectroscopy, low-power microscopy, and color tests.

### Trace Evidence Section 2683

The Trace Evidence Section is responsible for locating, characterizing, and comparing trace materials such as hairs, fibers, paint, glass, tape, and lubricants. The Section also performs physical match examinations and gunshot residue analysis (GSR), which offer reconstructive information to the criminal justice system. A battery of tests and instruments are used to accomplish each of these tasks. The instruments and methods utilized include: stereomicroscopes, comparison microscopes, polarized light microscopes, alternate light sources, a microspectrophotometer (MSP), a glass refractive index measuring system (GRIM), a micro X-ray fluorescence spectrometer (micro-XRF), a Fourier transform infrared spectrometer (FTIR), gas chromatography mass spectrometers (GC/MS), a pyrolysis GC/MS, and a scanning electron microscope with an energy dispersive X-ray detector (SEM/EDS).

### Latent Prints Section 2683

The Latent Print Section analyzes developed latent prints and also uses various chemical, physical, and photographic techniques to process items of evidence that cannot be routinely processed in the field. The examiners compare prints that are of value for identification to known prints of victims, eliminations, and/or suspects. If possible, unidentified prints are entered into the Missouri State Highway Patrol's Automated Fingerprint/Palm Print Identification Systems (AFIS/APIS), the Kansas Bureau of Identification (AFIS), and the FBI's Integrated AFIS (IAFIS) in attempts to identify these prints. The Latent Print Section is responsible for the analysis and comparison of impressions from footwear and tires. The Latent Print Section is also responsible for the real-time identification of subjects who are currently in custody, in

addition to, the identification of homicide, traffic fatality, suicide, and other victims of unintended death.

#### Digital Evidence Section 2683

The Digital Evidence Section is responsible for forensic image analysis of evidentiary imagery. In addition to frame-by-frame analysis of evidentiary videos, the Section assists detectives with the recovery, transcoding, and viewing of surveillance video. The Section has the ability to determine the frame rate at which a video was recorded, analyze the file structure, identify and explain potential artifacts, and calibrate the aspect ratio of a video, if necessary. Personnel have also been trained in image analysis and comparison of clothes, vehicles, and other items that may have individualizing characteristics. The Section also carries out video editing, time-line creation, highlighting, arrowing, multi-camera synchronization, and image clarification. The Section digitally processes evidentiary images to allow for comparison by other forensic examiners, and carries out complex post-production work related to crime scene laser scanning.

#### Firearms Section 2683

The Firearms Section is responsible for the test firing and examination of firearms and ammunition components. Ammunition components are those items such as bullets, cartridge cases, shot shells, wadding, and shot. The components are compared to each other to determine if they were fired in one or multiple firearms. Ammunition components are also compared to test fires from recovered firearms to determine if they were fired from the submitted firearm. If a firearm has an obliterated serial number, examiners can perform a serial number restoration in an attempt to restore the serial number. The Section also has the ability to measure the overall length and barrel length of a firearm to determine if it meets legal length requirements. Finally, the Section screens cartridge cases and shotshells for entry into a database that captures the individual characteristics or markings on evidence and test fired cartridge cases. This database is the National Integrated Ballistic Information Network (NIBIN) and allows examiners to link cases based on the firearm used that otherwise would not have been known to be linked. These types of links then provide timely investigative information for detectives to pursue.

**Activity:** Crime Scene Investigation Unit 2683

#### Crime Scene Investigation Section 2683

The Crime Scene Investigation Section is responsible for responding to crime scenes on a twenty-four hour basis. Each member is trained in the identification, collection, and preservation of evidence at crime scenes. Furthermore, the responding member documents the location, condition, and context of the evidence through diagrams, narrative reports, photography, and laser scanning. These skills are essential to admit evidence into court through testimony.

**Activity:** Property & Evidence Unit 2686

#### Property and Evidence Section 2686

The Property & Evidence Section has the responsibility of receiving, transporting, and storing all evidence, confiscated property, and unclaimed property recovered by members of the Department. The Section is charged with ensuring that evidentiary items recovered are stored and secured in such a manner that their chain of custody is maintained and are protected from damage and loss. Staff are charged with maintaining accountability of the items under its care, producing them in a timely manner upon request, and maintaining their chain-of-custody. Members of the Section are also responsible for releasing property to owners, attempting to locate owners of unclaimed property, asking other department elements if items may be

disposed, and for item disposal. The Property & Evidence Section operates and maintains a narcotics incinerator as a regional asset and provides narcotics destruction services to outside agencies.

PATROL  
ACTIVITY DESCRIPTION**

The following is based on the Department's organizational chart. For Priority Based Budgeting purposes Programs are placed under Management and Sub-Programs are considered the Program. For Priority Based Budgeting purposes the Activity under this Bureau's Program (Events and Special Projects Unit) is considered a Program.

**Program: Patrol Bureau 2510**

The Patrol Bureau is comprised of ten Divisions: the KCI Airport Operations Division, Community Engagement Division, six geographically based patrol Divisions, the Traffic Division, and the Special Operations Division. Bureau resources are directed toward uniformed patrol functions, the most critical of which is the response to 9-1-1 emergency calls for service. The Bureau also provides for tactical response to critical incidents, traffic enforcement and control, and directed patrol activities.

By combining traditional policing methods with community oriented policing strategies, the members of the Patrol Bureau are committed to forming partnerships with the community to solve problems and enhance the quality of life in Kansas City neighborhoods.

**Activity: Events and Special Projects Unit 2589**

The Events and Special Projects unit plans, organizes, and executes a wide range of events and special projects within the police department. This role works closely with various units to develop and implement comprehensive security plans as well as perform risk assessments, conduct evaluations for success and areas for improvement. This unit works with internal and external stakeholders, manages logistics, and oversees the implementation of security measures to ensure safe and successful events.

**Detention Services 2589**

Detention Services is responsible for the coordination of detention operations between the Police Department, Detention Center and the Municipal Court. Individual Patrol Divisions provide temporary detention of individuals arrested for violations of City ordinances, state, and federal statute violations.

**Sub-Program: Community Engagement Division**

**Activities: Division Office, Community Engagement Division**

The mission of the Community Engagement Division (CED) is to intentionally galvanize our community outreach to create and bolster consistent efforts, messaging, relationship building and sustainment. The vision of the Community Engagement Division is to establish a consistent, assured working relationship between the members of our police department and the members of our community, encouraging a collaboration of growth and reestablishing trust.

Within the various sections of CED services and support are provided to youth and schools, businesses, faith based organizations and residential households. The CED collaborates with various divisions across the department ensuring consistent service and building a strong connection with our community.

**Activity:**     Community Services Unit 2513

The Community Services Unit is comprised of the Community Interaction Officers (CIO), Community Policing Action Team (CAT)/Community Action Network (CAN) Officers, Crisis Intervention Team (CIT) and the department's LGBTQIA+ Liaison Officer/Diversity Officer.

CIOs play a vital role in building trust between the police and community. They accomplish this through various means of attending neighborhood association meetings and events as well as putting on training for Block Watch and other safety presentations for our city's neighborhoods, schools and churches. These officers also conduct security surveys for residential and business owners to educate the owner about crime prevention and ultimately establish a sense of empowerment and confidence to protect themselves and their property. CIOs are also tasked with acting as a liaison between the Department and owners/management of residential rental properties to assist in addressing crime on these properties to increase the safety of the renters.

Community Interaction Section (CAT) Officers – These officers are assigned to work within a designated sector within Central Patrol Division and East Patrol Division at Community Action Network (CAN) Centers within those Division boundaries. The CAN officers are involved in traditional police work and also serve as first-line partners that link the community and the Division.

Crisis Intervention Team (CIT) - These positions foster a community partnership working with behavioral health services, individuals with behavioral health diagnoses and/or those in crisis, and their family members. CIT is responsible for working with community partners to enhance the services provided to individuals in need and their family members.

LGBTQIA+ Liaison officer is committed to establishing, providing and maintaining a direct channel of communication to address and resolve matters pertaining to the LGBTQ+ community as well as internally with the Department's LGBTQ+ members.

**Activity:**     Youth and Social Services Unit 2513

The Youth and Social Services Unit is comprised of members assigned to DARE, School Resource Officers (SRO), Police Athletic League (PAL) and Social Service Specialists.

The Youth Programs Section is funded by the General Fund and Police Drug Enforcement Fund. The mission of the section is to provide evidence-based prevention programs such as DARE (Drug Abuse Resistance Education) and GREAT (Gang Resistance Education and Training) to Kansas City students. These programs provide students with information and skills that permit them to make positive decisions and avoid negative influences, allowing them to focus on their strengths and potential. The section works to inspire good decision making and to prevent students from becoming involved in violent behavior, drug and alcohol use, and gang participation. Additionally, the section establishes positive relationships between students and law enforcement, teachers, parents, and other community leaders.

The prevention programs are taught in various public and non-public schools within the school districts of Kansas City, North Kansas City, Park Hill, Center, Hickman Mills, and Platte County. Approximately 5,000 students receive prevention programs and services each year.

Officers assigned as an SRO provide a security presence and improve the image of the law enforcement officers in the eyes of the students and the community.

Police Athletic League (PAL) Section personnel are responsible for providing activities for youth that offers them the opportunity to interact with police officers and create positive

relationships. This is accomplished through designing programs and building key components in the areas of physical activity, homework assistance and academic enrichment, character development, and arts and cultural activities.

The Police Athletic League of Kansas City is a crime prevention program that provides a safe and supervised environment for youths ages 8-18 to come and participate in a wide range of activities. The program offers youth the opportunity to interact with police officers and create positive relationships by participating in educational, cultural, character development, and sports programs. All programs and activities are designed to instill values of integrity, responsibility, self-motivation and teamwork; with the result of improving the quality of life for at-risk youth and reducing juvenile crime and victimization throughout the entire City.

A separate 501(c)(3) corporation supports the PAL program by providing for facility and other operational needs.

Social Service Specialists positively impacts community relationships with law enforcement by creating a foundation of trust and transparency while helping uplift citizens in the City's most challenged communities. The Social Service Specialists focuses exclusively on providing community outreach, support, and social service referrals. The Social Service Specialists are a resource to all Department's officers.

**Sub-Program: Central Patrol Division**

**Activities:** Division Office, Central Patrol 2520

Central Patrol Division (CPD) encompasses about 15.4 square miles and has a permanent population of nearly 62,000 residents. This population increases to approximately 100,000 to 120,000 each weekday due to numerous businesses and places of interest located within the Division's boundaries. CPD is bounded by the Missouri river on the north, 47th Street/Ward Parkway on the south, State Line on the west, and Wabash on the east.

There are thirty-seven neighborhood groups, twenty business associations, and five community improvement districts in Central Patrol. There is an abundance of retail and entertainment venues in Central Patrol, including:

- The Country Club Plaza
- Crossroads Art District
- Crown Center
- Kauffman Center for the Performing Arts
- Power & Light District
- River Market
- T-Mobile Center/College Basketball Experience
- Westport
- 18th and Vine
- CPKC Stadium

Other points of interest include:

- Bartle Hall
- Municipal Auditorium
- Hy-Vee Arena/American Royal Complex
- Liberty Memorial/National World War I Museum
- Nelson Art Museum
- Union Station

CPD officers have established solid relationships with its citizens and neighborhood groups. Members of various ranks attend community meetings each month to deliver crime

updates and receive information about crime in the community. CPD has two full-time Community Interaction Officers (CIO's) that work primarily days and evening hours. These Community Engagement Division CIO's offer Block Watch training, safety presentations, and security surveys for residents and business owners to educate them about crime prevention and ultimately establish a sense of empowerment and confidence to protect themselves and their property.

There are numerous problem-solving partnerships in place at CPD to address a variety of crime and disorder issues. For example, the Downtown Community Task Force is a group of social service agencies, faith-based organizations, the Mayor's office, mental health providers, and area businesses to deal with the Division's homeless population. Officers have developed a close relationship with our KCMO Public Works Department. Since the beginning of 2020, CIO's have utilized tools available to them in order to help Public Works identify and cite numerous illegal dumpers throughout KCMO. CPD's assistance in this effort includes offences in all 6 Divisions. Officers also work directly with Kansas City's 311 system (myKCMO) to address appropriate quality of life issues reported by the community.

Additionally, CPD has partnered with the Central Industrial District and the West Bottoms Business Association (CIDA/West Bottoms Initiative) since 2008 to address and reduce crime and disorder. Since starting this initiative, all categories of crime have experienced a reduction.

Beyond sworn personnel, CPD has a full-time dedicated crime analyst who reviews and analyzes crime and calls for service data. In addition to duties for CPD's members, the analyst also creates a Daily Crime Report that is shared with all members of the Division and is used to guide enforcement efforts based on crime data and emerging patterns. The Kansas City, Missouri Police Department has also partnered with the city to make crime reports available through <https://cityprotect.com/>.

Although the majority of CPD's sworn police officers work in patrol sectors (i.e., 911 response) the Division also contains Community Engagement Division CAT/CAN officers.

CPD has a Community Engagement Division Social Service Specialist assigned to CPD who positively impacts community relationships with law enforcement by creating a foundation of trust and transparency while helping uplift citizens in the City's most challenged communities. The Social Service Specialist focuses exclusively on providing community outreach, support, and social service referrals.

**Sub-Program: Metro Patrol Division**

**Activities: Division Office, Metro Patrol 2530**

Metro Patrol Division encompasses about 35 square miles and is home to approximately 90,000 residents. The boundaries of Metro Patrol Division are 47<sup>th</sup> Street/Emanuel Cleaver Blvd/Blue Parkway on the north, State Line Road on the west, Blue Ridge Boulevard on the east, and 87<sup>th</sup>/95<sup>th</sup> Street on the south. Areas of interest located within the Division are the Kansas City Zoo, Swope Park, University of Missouri at Kansas City, Rockhurst University, Ward Parkway and Landing Shopping centers, MRI Global, Stowers Institute, Kauffman Foundation, and the Brush Creek Revitalization Project.

The emphasis on community-oriented problem solving is reinforced daily through contact with business and home associations, and more than 500 neighborhood and block watch groups. Officers work with these organizations on such topics as home security, personal safety, shoplifting, drug and gang problems, school presentations, and developing relationships that promote a sense of cohesiveness in the community. Community policing within Metro Patrol Division is the responsibility of every Division member.

Metro Patrol officers are also heavily involved in community policing and work with citizens, neighborhood leaders, and various agencies to solve crime and quality of life issues within the Metro Patrol Division. Through a variety of approaches, members and the community are exposed to community oriented problem solving techniques with the ultimate goal being to provide police service in consultation and collaboration with the community whenever possible. Partnerships with neighborhoods, governmental agencies, schools, and businesses continue to grow and evolve with community incentives such as the Community Police Action Cooperative (CPAC) that have played a large part in improving the quality of life of many people who live and work in south central Kansas City.

**Sub-Program: East Patrol Division**

**Activities: Division Office, East Patrol 2540**

East Patrol Division station is located at 2640 Prospect Avenue. The Division's boundaries are roughly the Missouri River on the north, Blue Parkway and Sni-A-Bar Road on the south, Wabash Avenue on the west, and the city limits of Independence, Missouri on the east. The Division also includes an unattached area bordered roughly by E. US 40 Highway on the north, E. 75th Street on the south, Woodson Road on the west, and Lee's Summit Road to the east. The total land area encompasses approximately 45.5 square miles. There are several municipalities and jurisdictions located adjacent to East Patrol Division, which allows for interaction and cooperation with adjoining law enforcement agencies.

Residents of East Patrol Division are racially, ethnically, and economically diverse. The full-time resident population is estimated to be approximately 94,000 people. Daily commuters more than double the Division's daytime population, as many businesses, major parks, and large venues are located within the Division's boundaries. Businesses range from small family-owned companies to large enterprises such as the U.S. Post Office Headquarters building at 1700 Cleveland Avenue. East Patrol Division is home to three major parks including Riverfront Park, Kessler Park, and Blue Valley Park which regularly attract visitors. The Truman Sports Complex is also located within the Division's boundaries. Both Kauffman Stadium and Arrowhead Stadium can increase the Division's population by as many as 80,000 people on game days and other special events.

East Patrol Division is comprised of single-family homes, apartment complexes, and multi-family structures. Located within East Patrol Division is the Historic Northeast area. The tremendous growth of this area, along with the easy access to Interstates 70 and 435, has contributed to traffic and crime related problems within East Patrol Division. However, innovative community-oriented policing tactics have been successful in maintaining high quality of police service for not only this area, but for all areas within the Division. Dedicated Division personnel have cultivated close working relationships with many neighborhood groups and community organizations throughout the Division. Approximately 120 groups and organizations work together with East Patrol Division officers to deter crime and assist in maintaining a high quality of life. These organized groups are continuing to form, both in the more established neighborhoods and the newly developing areas.

The Kansas City Missouri Police Department's primary duty is to protect life and property of the people they serve. In addition to responding to 9-1-1 calls for service, East Patrol Division works with the community to develop and implement crime prevention/reduction strategies. East Patrol Division is dedicated to intelligence-led policing and the focused deterrence model of crime prevention and enforcement. Crime information is shared during weekly meetings to identify criminals and to direct our efforts where criminal activity is occurring or is likely to occur. Patrol field personnel play an active role in reducing crime and improving quality of life for the city's residents and visitors. East Patrol Division works with the community to reduce fear and disorder to enhance the overall feeling of safety and security with neighborhoods throughout the Division. These duties are accomplished through proactive patrol, problem solving efforts, the arrest of offenders, and the enforcement of traffic ordinances.

**Sub-Program: South Patrol Division**

**Activities:** Division Office, South Patrol 2550

South Patrol Division is home to approximately 65,000 residents of diverse ethnic, cultural, and economic backgrounds. It encompasses approximately 63 square miles of urban, suburban, and rural properties. It is the third largest patrol Division in geographical size and population. It is bordered by 87th Street and Bannister Road on the north, the Cass County line on the south, State Line Road to the west, and Lee's Summit on the east. The South Patrol Division is located at the Police Campus at 9701 Marion Park Drive. The location provides convenient access to Bannister Road, I-435, and 71 Highway. Sworn law enforcement officers and professional staff provide services to large residential areas, 32 city parks, 2 large county parks, and many commercial areas. Several major employers are located in South Patrol Division including: St. Joseph Hospital, Truman Medical Center Lakewood Hospital, the Honeywell Federal Manufacturing and Technology Plant, the Ford/Mazda Inter-modal Rail Hub at Richards Gebaur, and Oracle (previously Cerner Corporation) campus that includes two facilities. Six school districts as well as the Crittenton and Ozanam juvenile residential treatment facilities are located within the Division.

Responding to calls for service and community policing are integral functions of this division. Personnel work closely with community leaders, neighborhood associations, and businesses to identify and solve problems. Interaction with over 100 neighborhood associations and numerous business groups and block watch programs has been instrumental in reducing crime and improving the quality of life for residents.

South Patrol Division community policing efforts address a host of quality of life issues while reducing crime. Members share information, act on law-enforcement matters, and act on non-law-enforcement matters through community partnerships. Patrol officers and supervisors work closely with the Community Engagement Division to thoroughly address problems in the community.

South Patrol Division hosts community events at the South Patrol campus and in the community. Previous successful events include Blood Drives, Coffee and Snow Cones with Cops, Christmas toy and blanket drives, Trunk or Treat events and the SPD Summer Movie Series, which has run since 2019.

South Patrol Division strives to provide excellent customer service, proactively identify crime patterns, and quickly and efficiently address crime.

**Sub-Program: North Patrol Division**

**Activities:** Division Office, North Patrol 2560

North Patrol Division is responsible for providing public safety services to citizens living, working, and visiting north of the river. Geographically, North Patrol Division covers about 85 square miles, which is 27% of the landmass within Kansas City's corporate limits. Division boundaries are roughly M-92 highway to the north, North Oak to the east, Missouri River to the south, and the City limits to the west.

North Patrol Division includes both of the City's airports. KCI is located at I-29 and 291 Highway, and handles in excess of eleven million (11,000,000) passengers each year. The other is Charles Wheeler Downtown Airport. The Division is home to numerous large shopping, entertainment, and dining destinations: Tiffany Springs Market Center, The Shops at Boardwalk, Barrywoods/AMC, The Village at Burlington Creek, Briarcliff Village, Zona Rosa, Creekwood Commons and Metro North Crossing.

North Patrol Division is currently one of the fastest growing areas in the City. The population is currently estimated over 80,000. Business, residential, and entertainment developments are growing rapidly along the I-29 corridor from 64th Street north to KCI, and North Oak and Barry Road revitalization. This growth should continue with the continuous new residential and multifamily construction. The increase in population, easy access to interstates and highways contributes increased calls for service and crime related problems. North Patrol continues to engage in innovative community oriented policing tactics to include working alongside the Community Engagement Division to engage the community and be service orientated. The Division is able to deploy officers trained in the use of ATV's to patrol areas that might not otherwise be easily accessed. The holistic approach have been successful in maintaining a high quality of police service and problem solving that includes resources beyond just law enforcement in problem solving. Division personnel have initiated a close working relationship with many community organizations and partnered with the educational organizations (schools of all ages, to include colleges) within North Patrol. North Patrol communicates with the Platte County Sherriff's Department and other adjacent law enforcement agencies to address crime patterns and problems that cross jurisdictions.

Northland Neighborhoods Inc., The Northland Regional Chamber of Commerce, The Clay County Economic Council, The Platte County Economic Council and the Northland Community Alliance have been highly successful in developing partnerships and linking neighborhoods, businesses, City, and police services together. Approximately 168 neighborhood groups work with North Patrol Division officers to deter crime and assist in maintaining a high quality of life. Neighborhood groups include organized block watches, neighborhood associations, and home associations. These organized groups are continuing to form both in the more established neighborhoods and newly developing areas.

**Sub-Program: Shoal Creek Patrol Division**

**Activities: Division Office, Shoal Creek Patrol 2570**

Shoal Creek Patrol Division encompasses about 75 square miles with an estimated population of over 100,000. The population within the boundaries has increased approximately 22% since it became operational in 2006. The borders of the Division are M-92 Highway to the north, North Oak Trafficway to the west, Interstate 35 to the east, and the Missouri River to the south, representing approximately 24% of the City's land area. There are ten municipalities or jurisdictions that surround Shoal Creek. This creates a very unique opportunity for the men and women of the Division to interact and work with adjoining agencies.

The Shoal Creek Patrol Division continues to change rapidly as the rural area gives way to expanding residential communities and business and industry growth. Numerous city and county parks, including the Hodge Park Complex, Pleasant Valley Complex, and the Western Missouri Soccer Complex are located within the Division. Shoal Creek Patrol Division also has several key points of interest for tourism such as Worlds of Fun, Oceans of Fun, and Ameristar Casino that attract more than 13.2 million visitors annually. The Hunt Midwest SubTropolis, the world's largest underground storage facility, is also located in the Shoal Creek Patrol Division. The I-35 and Highway 152 corridors contain one of the largest retail and dining areas in the northland.

The growth of the northland area has caused corresponding traffic congestion and crime related problems. An example of this is at I-35 and Highway 152 which includes retail development, restaurants, and residential expansion into the surrounding area. These challenges have required both traditional and innovative community oriented policing tactics by officers assigned to the Shoal Creek Patrol Division. Although not dedicated full time, Shoal Creek Patrol Division has three ATV's and two UTV's which can be staffed by trained officers as dictated by any specific need that arises. Through a close cooperative relationship with Kansas City Parks and Recreation, the Division has the ability to respond with ATVs to concerns or criminal activity at parks or rural areas within Division boundaries. The Community Engagement

Division has one Community Interaction Officer and a social worker assigned to Shoal Creek Patrol Division, who have initiated close working relationships with many community organizations. These organizations include, but are not limited to: Clay County Economic Development Council, Northland Neighborhoods, Inc., Northland Community Alliance, Northland Chamber of Commerce, Tri-County Mental Health, the Metropolitan Community Colleges, and both the North Kansas City and Liberty School Districts.

Shoal Creek Patrol Division has four high schools within its boundaries: Oak Park, Winnetonka, St. Pius, and Staley. While the Clay County Sheriff's Office provides deputies as SROs at the public high schools, Shoal Creek Patrol Division officers have a close working relationship with Clay County Deputies, and they work together to provide protection and safety for our schools, as needed. With the assistance of Division staff, organized neighborhood groups are continuing to form both in established neighborhoods and developing areas. This includes over 100 neighborhood groups (organized block watches, neighborhood and homes associations) which have already been established to assist with deterring crime and maintaining a high quality of life.

**Sub-Program: Traffic Division 2580**

The Traffic Division provides support to other Department elements in a variety of highly specialized areas. It is comprised of the Traffic Enforcement Unit and Traffic Investigation Unit. These units work closely with the other Patrol Bureau elements to address traffic and crime problems. The Division works with elements of the City to permit parades pursuant to Section 70-263 of the City Code of Ordinances and plays a major role in coordinating special events and dignitary visits. The Traffic Division also assists other Division commanders with critical incident management.

**Activity: Traffic Enforcement Unit 2580**

Traffic Enforcement Section 2580

The Traffic Enforcement Section's primary goal is to respond to traffic accident calls for service and complete corresponding reports. The Section also attempts to focus on increasing driver safety through targeted traffic enforcement and by providing point control around areas of traffic congestion. The Section is responsible for enforcement of the City's Uniform Traffic Code and providing traffic control during critical incidents, special events, and any other incident that may impede normal traffic flow throughout the City.

Parking Control Section 2581

Parking Control squads, which are made up of civilian parking control officers, enforce parking ordinances throughout the City with emphasis on neighborhood disorder issues and violations in the downtown business corridor. Parking Control officers are also tasked with providing traffic control for city special events as well as parades, races and marches.

Downtown Parking Control 2582

Downtown Parking Control provides parking enforcement in the downtown corridor.

**Activity: Traffic Investigation Unit 2580**

Traffic Investigation Section 2580

The Traffic Investigation Section is responsible for follow-up investigations of fatal and serious injury crashes as well as the preparation and submission of those cases to the county prosecutor for filing of state charges. The Traffic Investigation Section is also responsible for

submitting state cases on driving under the influence, driving while revoked, and felony eluding charges. Additional responsibilities include follow-up investigation of hit and run crashes and investigating those involved in street racer / sideshow events.

#### Accident Investigation Section 2580

The Accident Investigation Section (AIS) is responsible for the thorough investigation of vehicular crashes, with special emphasis on those cases resulting in death or serious injury. AIS officers also respond to most police-involved collisions that result in physical injury. AIS officers receive specialized training that allows them to complete detailed reconstructions of major vehicular collisions in order to determine causes and examine the appropriateness of criminal charges. AIS officers also provide training in crash investigation at the Department's Training Academy, and serve as subject matter experts for the Office of General Counsel. Additionally, several members are trained in drone mapping technology who, along with utilizing for their own vehicular scenes, provide this specialized service to other units which include, but are not limited to, our Crime Scene Investigation Unit on large crime scenes or mass casualty events, our Bomb and Arson Unit, and area agencies with complex or high-profile crime scenes who need assistance.

#### DUI Section 2580

The Driving Under the Influence (DUI) Section is responsible for citywide enforcement of impaired driving offenses. In addition to self-initiated enforcement, the DUI Section responds to calls from patrol officers who have stopped impaired drivers and conduct processing of those individuals. This allows the patrol officer to return to service more quickly and handle other duties. The DUI Section also administers the Department's Drug Recognition Evaluation (DRE) program, is responsible for maintaining the department member's Type III permits, and is also responsible for the maintenance and monthly certification of all Department breath analysis instruments. The DUI Section additionally conducts numerous wolf pack saturation patrols throughout the year under the Impaired Driving Grant and youth alcohol enforcement and education events under the Youth Alcohol Grant.

#### Commercial Vehicle Enforcement Section (Grant Funded)

Costs to operate the Commercial Vehicle Enforcement Section (CVES) are partially funded with grant funds and budgeted in the Police Grants Fund 239. CVES is responsible for the inspection of commercial vehicles (trucks and buses) and drivers for compliance with city, state, and federal motor carrier safety regulations, as well as for any specialized enforcement resulting from those inspections. CVES officers also specifically inspect hazardous material shipments, including cargo tanks, for compliance with regulations and enforce commercial vehicle compliance with bridge weight limits throughout the city. When requested, members respond to fatality, serious injury, or extensive property damage vehicular crashes involving commercial vehicles. CVES officers' conduct educational safety programs with industry and citizen groups, as well as First Responder Hazardous Material Awareness training for entrant officers at the KCPD Academy.

#### **Sub-Program: Special Operations Division 2590**

**Activities:** Division Office, Tactical Response Teams 2590

The primary responsibility of the Special Operations Division is to train for, and respond to, Operation 100's. An Operation 100 is an incident involving sniper attacks, armed and barricaded persons, or hostage situations. The Division is comprised of the Division office, three tactical teams and Patrol Support Unit, all of which have city-wide responsibilities.

Additional responsibilities include serving as a support mechanism for virtually all Department elements. The Division is able to provide a concentrated response to specific

crimes and unlawful acts in any given location within the community. Tactical response teams are also utilized to handle the staffing needs for special events, crowd control, riots, protests, demonstrations, dignitary protection, fugitive apprehension, covert operations, preventive patrol, search warrant execution, color guard, honor guard, and firing detail for funerals of active and retired Department members. Tactical response teams are also the primary law enforcement responders for critical incidents involving weapons of mass destruction that occur in the Kansas City metropolitan area.

#### Strategic Policing Section 2590

The primary objective of the Strategic Policing Section's (SPS) is to support the overall KCPD Crime Plan through Focused Deterrence strategies toward the prevention, intervention, and reduction of violent crimes and apprehension of violent offenders.

**Activity:** Patrol Support Unit 2591

The Patrol Support Unit provides support to the six patrol Division stations in the prevention of crime and the apprehension and prosecution of offenders. The specialized services of the Canine Section, Helicopter Section and Bomb and Arson Section are deployed in response to calls for service, as well as self-initiated target area patrol, with an emphasis on patrolling areas of high crime and where pattern offenders are most active. The unit also provides support to a variety of other public safety efforts, which include, but are not limited to, dignitary protection, mutual aid responses to other jurisdictions, traffic enforcement, intelligence gathering, crowd control, evidence detection, disaster control, search and rescue, and general security.

#### Canine Section 2591

The Canine Section utilizes specially trained dogs to provide detection services for many situations including, but not limited to, pursuing fleeing suspects, article searches, narcotics, bomb detection sweeps in response to threats, as well as advanced sweeps for events and dignitary visits. The Canine Section also plays a key role in responding to calls for service with an emphasis on providing patrol in high crime areas where pattern offenders are the most active.

#### Helicopter Section 2593

The Helicopter Section is responsible for providing support to other Department elements through airborne observations. The pilot/observer teams are used in patrol, aerial surveillance, vehicle and foot pursuits, emergency and disaster management, tactical operations, search and rescue, traffic enforcement, intelligence gathering and dignitary visits. The Helicopter Section is a regional asset and is often called on to assist outside agencies with the above mentioned responsibilities according to standing mutual aid agreements.

#### Bomb & Arson Section 2594

The Bomb & Arson Section specializes in investigating bombings, bomb threats, recovery/disposal of explosives, and arsons, which include the investigation of fires of a suspicious nature.

ACTIVITY DESCRIPTION**

Certain transactions recorded in the books and records of the Department do not flow through the normal, centralized procurement process. Transactions involving pension payments and FICA taxes are paid directly by the City on behalf of the Department, but are recorded as expenditures by the Department since they are part of the annual budget.

Other transactions such as separation pay, health, life, and other employee benefits are accounted for in centralized accounts and not allocated to specific programs.

**Program: Law Enforcement Pension 1100**

The City makes its contribution directly to the Kansas City Police Employees' Retirement System, a separate state entity, every 28 days.

**Program: Civilian Pension 1110**

The City makes its contribution directly to the Kansas City Police Employees' Retirement System, a separate state entity, every 28 days.

**Program: FICA (Federal Insurance Contribution Act) Taxes 1111**

Medicare is 1.45% for law enforcement and civilians, and Social Security is 6.20% for civilians. The City makes its contribution directly to the Internal Revenue Service after each payroll.

**Program: Employee Benefits 1462**

The Department contracts with insurance providers for benefits such as health, life, and disability, and provides a \$6 monthly benefit subsidy to members.

**Program: Separation Pay 2512**

**HEALTH LEVY FUND 233**

**BYRNE JAG GRANT FUND 241**

**CONSTRUCTION RADIO IMPROVEMENT FUND 3448**

**DEPARTMENT OF POLICE  
OTHER FUNDS REFLECTED IN CITY APPROPRIATIONS  
ACTIVITY DESCRIPTION**

**Activity:**     Parking Garage Fund 216

The City established this fund to reimburse the Department for enforcement of parking ordinances in the downtown corridor.

**Activity:**     Public Safety Sales Tax (PSST) Fund 232

Voters approved an extension of the ¼ cent sales tax to fund public safety capital improvements on November 2, 2010. Police's share of the total annual amount generated from the tax is reflected in this Fund, most of which is used to supplement appropriations formerly provided by the General Fund.

**Activity:**     Health Levy Fund 233

The City established this fund to account for property tax receipts and expenditures related to health care for the city, to include providing health care funding for the indigent. This fund provides for six Social Service Specialists assigned to each patrol station and a Social Service Supervisor. They provide assistance to the community by guiding individuals and families to resources who do not know where to turn for assistance.

**Activity:**     Byrne JAG Grant Fund 241

SPECIAL REVENUE FUNDS  
ACTIVITY DESCRIPTION**

Special Revenue Funds account for revenues earmarked for specific purposes and/or are restricted by law or administrative action. The Department uses the following Special Revenue Funds to supplement General Fund appropriations.

**Activity:**     Special Services Fund - 5110

This fund is used to account for revenues derived from a variety of sources such as the sale of police reports, criminal history record checks, fingerprint services, private security officer licenses, alarm fees, academy fees paid by other policing jurisdictions, miscellaneous restitution via the court system, crime lab fees, vehicle disposals, accident claims, traffic escorts for parades, Police Foundation of Kansas City funded items, and interest income.

Expenditures pay for costs associated with collecting revenue including licensing of private security officers and private alarm users; police report reproduction; traffic escorts; vehicle purchases; Police Foundation of Kansas City funded items; training, education, and related travel.

**Activity:**     Federal Seizure and Forfeiture Fund – 5150

This fund is used to account for revenue pursuant to the equitable sharing of seized and forfeiture cash and property from joint drug enforcement investigations with the federal government. The expenditure of funds is restricted by federal guidelines published by the U.S. Department of Justice and Department of the Treasury. Permissible use of these funds include cash matches related to federal grants and maintenance of the data backbone systems of the Department's internal network.

**Activity:**     DARE and JACO Drug Tax Unit Fund - 6140

This fund is used to account for revenue received from COMBAT for expenditures made in the Police Drug Enforcement Fund 234. Funds are used to enhance drug abuse resistance education (DARE) programs given by the Department to schoolchildren and provide awards to the participants upon completion of the classes. Funds are also used to support the operations of the JACO Drug Tax Unit by providing additional law enforcement and civilian support personnel, and operational funding for a comprehensive approach to policing.

**Activity:**     Grants Fund - 7100

The Department's policy is to establish revenue accounts in this fund to receive grant revenue. An offsetting contractual obligation equal to the grant revenue is also established in order to reimburse the City in arrears for grant appropriations in the Police Grants Fund.

Under Guide to Equitable Sharing for State and Local Law Enforcement Agencies Sec. VIII(A)(3)(c) dealing with uses, it states "Anticipated shared property should not be budgeted - Agencies should not 'spend it before you get it' or budget anticipated receipts...". The Treasurer's Account budget does outline a budget for desired programs. The desired program budget does not violate the intent of the guidelines since the Board of Police Commissioners will not allow any commitments until such time as sufficient federal forfeited funds are available for each commitment.

**Notes:**

1/ The Department's policy is to establish revenue accounts in the Grants Special Revenue Fund 7100 to receive grant revenue and Department required grant matches. A contractual obligation equal to the revenue and Department match is established in Fund 7100 to reimburse the City in arrears for expenditures recorded in Police funds 100 and 239.

**DEPARTMENT OF POLICE  
LIABILITY SELF-RETENTION GENERAL FUND SUBSIDIARY ACCOUNT  
ACTIVITY DESCRIPTION**

The Department uses a Liability Self-Retention Subsidiary Account to retain exposure to potential liability and torts related to vehicular accidents, slip and fall claims, and other liability claims. This program was instituted during fiscal year 1991-92 when bids for this coverage came in at over \$1 million. In response, the City and Department agreed to establish a fund that would allow the Department to decrease its overall costs. Funding is provided mainly by transfers from the General Fund.

Section 105.726, RSMo, requires the State of Missouri to fund the first \$1.0 million of the Department's annual liability costs, with the Department responsible for 100% of anything over this amount.

General Fund transfers in excess of annual risk management expenses are retained by the Department to offset future costs should claims exceed amounts provided by the General Fund and/or covered by the State of Missouri. In the event all amounts are exhausted, the City acts as a backstop for risk management costs.
